GETTING TO US

How do great coaches turn a collection of individuals into a coherent "us?" In *Getting to Us*, Seth Davis, one of the keenest minds in sports journalism, probes and prods extraordinary coaches in football and basketball, college and pro, for the secrets to their success. Davis creates a deep connection with the most celebrated and iconic coaches in all of sports - big winners and big characters - whose stories and lessons are of enduring interest and value to readers from all walks of life.
