Swimming Pool Safety Measures

[California Health and Safety Code 115922](#)

Two Safety Measures Required, Effective January 1, 2018

Examples of Pool Safety Measure Combinations

- ① Enclosure isolating the pool from the house: 60" in height; gate opening away from pool; self-closing self-latching gate with latch 60" above ground; vertical clearance from ground to bottom of enclosure maximum 2 inches; enclosure design which does not permit passage of a sphere 4 inches in diameter or greater; outside surface not climbable by child below the age of 5.
- ② Removable mesh fencing meeting ASTM F2286 in conjunction with a self-closing self-latching gate which can accommodate a key-lockable device.
- ③ Safety pool cover meeting ASTM F-1346-91.
- ④ Exit alarms on house doors providing direct access to the pool.
- ⑤ Self-closing self-latching device on house doors providing direct access to the pool; latch release mechanism 54" above the floor.
- ⑥ Pool alarm meeting ASTM F2208.
- ⑦ Other means independently verified to meet ASTM or ASME standards.
