

Free ~ **2019 COMMUNITY INTERACTIVE FORUM** ~ *Free*

The fifth program of a series held every fourth Tuesday of the month on significant local events (recent or distant past) that influenced or continue to change our way of life, culture, beliefs, practices and values as coastal-dwelling community.

THE SPACE PARK CHORALE CELEBRATES OLDER AMERICANS MONTH

Individual voices of South Bay employees are transformed into a symphony of harmonious melodies. A live-action entertainment, the group blends music and lyrics that lifts your heart and takes you to a place of joy. The program is a celebration of spring and National Older Americans Month. Thank you to the Space Park Chorale for sharing their art and to the 55+ community for their contribution to our wholesome coastal culture. Chorale Coordinator: Ellen Steinmetz
