BACKGROUND

In response to the passage of Measure H by the County of Los Angeles in 2017, which created significant new resources to address homelessness, the City of Manhattan Beach sought to coordinate with other jurisdictions, including the County, local stakeholders, and neighboring cities, to address homelessness in our community. The City recognizes that this will only be accomplished through an active constituency working together, including government, businesses, and the faith community, to tackle the causes of homelessness, and implement solutions.

The Manhattan Beach Police Department has been responsive to homeless concerns and continues to actively monitor incidents while respecting the rights of homeless individuals and ensuring public safety. To report incidents of concern, related to homeless individuals, please call the Manhattan Beach Police Department non-emergency number at (310) 545-4566.
