Manhattan Beach, Ca – The Manhattan Beach Art Center (MBAC) presents *Immersio*, a solo exhibition by Swiss born and New York educated, Paris based artist Claudia Meyer (b. 1961).

Envisioned by Homeira Goldstein and presented by Time4Art with the support of the Manhattan Beach Art Center with special thanks to the Cultural Arts Commission and the Manhattan Beach City Council, *Immersio* will be on view from November 1, 2019 to December 29, 2019 with an opening reception on Friday, November 1, 2019 from 6pm to 9pm.

Leaving the confines of the canvas, Claudia Meyer's work bridges painting and sculpture, technology and nature, light and dark. Her monumental pieces explore the artist's newfound interest in handwriting through immersive layered panels.

"Creating is about stimulating new ideas and finding ways to articulate them," says Meyer about her work. She is often inspired by architecture, technology, poetry, and nature and seeks to create an uplifting dialogue and a source of reflection through colors, transparencies, lights, and shapes.

Claudia Meyer's artwork is exhibited in carefully selected Art Galleries, Public and Private Institutions, Corporate and Private collections and Art Fairs all over the world, as well as being commissioned for public and private venues.

MBAC is a City of Manhattan Beach owned and operated Cultural Arts Facility. It presents 4 to 5 exhibitions per year and offers classes, workshops, and activities for children and adults. All MBAC exhibitions are free and open to the public.
